	Peter Tonnesen	AI6HU	08:15:00	DNF			

The next T-Hunt, August 15th, will be hosted by Larry, KG7NEP and Dan, KM7AKK at Pecos Legacy Park (AKA Legacy Park West). It's on North Pecos Rd off the 215 and easy access from Windmill or Pecos exits. To get to the park from Las Vegas take the 215 and exit on Windmill. Go East on Windmill to Pecos and turn right. The park is only a block off Windmill. From Henderson take the 215 and exit on Pecos going North. The address of the park is 150 North Pecos Rd., Henderson, NV 89014.

It is a smaller park with lots of shade for August's hunt. We will have 3 transmitters including the 1 Watt Baofeng which we will "detune" to get the power down. We chose the slightly smaller park due to the heat but it still will be a challenge.

We encourage people with older kids and/or grandchildren to bring them along to peak their interest in Ham radio; there is a play area nearby as an added incentive. Due to summer heat, we will meet at 7:30 am for coffee, doughnuts, cold water and conversation; the hunt starts at 8:00 am. Please join in on the fun!
